REPUBLICAN CONGRESSIONAL CONVENTION.

THIRD DISTRICT.

THERE WILL BE A REPUBLICAN CONGRESSIONAL Convention, for the Third Congressional District of this State, held at the Court House in the CITY OF FOND DU LAC, on the *25th day of September* next, at 12 o'clock M., for the purpose of placing in nomination a suitable candidate to be supported at the next election for the Member of Congress; also to choose a Presidential Elector for said District.

Each Assembly District will be entitled to send three delegates to said Convention.

JACOB SKINNER, ROYAL BROOK, J. D. A. HAYNES, Cong. Committee.

Fond du Lac, August 22, 1856.

The Governor's Message.

Gov. Bashford's Message deserves more than a passing notice. As the last Message of our Republican Executive, and as treating of subjects of great importance, it merits, and has doubtless received a careful perusal; and its brevity—not its least merit—secures more readers than a more lengthy document might have.

Gov. Bashford first calls attention to the Geological Report of the late Prof. PERCIVAL, which has been prepared for publication by our fellow-citizen, I. A. LAPHAM. (It may not be amiss to state here, that Mr. Lapham has been selected as one of a scientific corps to visit the Guianas to examine the native sugar-canes, in reference to the proposed renewal of the plants, which are running out in Louisiana and elsewhere.)

The Governor has made no new appointment, as the term of the appropriation has nearly expired.

The Commission for revising the laws has done nothing, for want of time.

The subject of the Railroad Grant is discussed with ability, and the suggestions made are those of a wise and humane spirit. While the Governor fully appreciates the benefits to accrue to the State from the building of railroads, and the consequent development of its material interests, he yet keeps in view the danger likely to arise from the enormous power of moneyed corporations, and the accumulation of lands in the hands of speculators, to the exclusion of settlers. His suggestions as to a proper mode of disposing of the lands embraces the following propositions,

Keep the two funds contemplated separate, under distinct organizations.

Let all the citizens of the State have equal opportunities of subscription to the stock.

Let the funds donated be brought into market as soon as possible, and disposed of in limited quantities to actual settlers.

Let the men who are to have charge of the works be men of such character that the people may safely confide in them.

Provision to be made for a revenue to the State from the roads.

These suggestions will commend themselves to any fair mind, as just and right, and cannot be taken amiss by anybody, unless it be the enterprising clique which proposes to swallow the whole grant—and the State with it. We do not doubt that the Legislature will fairly and properly consider this part of the Message.

We rejoice to see that Gov. BASHFORD has not hesitated to speak frankly his opinions, which are those of a great majority of the people of Wisconsin, on the subject of the affairs of Kansas—the outrages upon peaceable citizens there—the closing of the Missouri River against travelers or immigrants from Free States—and the attempts generally to extend and nationalize Slavery. The Governor employs no violent language—no abuse of those who differ with him, but utters the "words of truth and soberness," in tones which do him honor, and reflect honor upon the intelligent people of Wisconsin, in whose Executive Chair he sits.

THE MASS MEETING AT BELOIT.

Twenty Thousand Freemen in Council.

We learn from gentlemen who attended the great Fremont Mass Meeting at Beloit on Wednesday, that there was a perfect outpouring of the solid men—the yeomanry—of Rock County, and the adjacent counties in this State and Illinois. Not less than *twenty thousand* people were present! —and many estimated the number much higher. Three stands for speakers were erected, and addresses were delivered by Messrs. LOVEJOY and SWETT of Illinois, MARSHALL M. STRONG, NOGGLE, and C. E. CHASE of this State, and others, and good seed was sown which will bear abundant fruit in November.

GRAND RALLY AT WAUKESHA.—We have no particulars of the Republican gathering at Waukesha yesterday; but knowing the preparations made, and the awakened spirit of the people, we expect to hear that there was a "rousing" time among the masses of freemen of Waukesha County.

P. S.—We received a note last night from a friend at Waukesha, saying that the meeting was the largest ever held in the county—between 3000 and 4000 people present. The enthusiasm unbounded. Messrs. NOGGLE and LOVEJOY made capital speeches.

Mr. NOGGLE is doing noble service in the campaign, having already made 7 speeches in various places.

"The Star that Never Sets!"

VERMONT, from the far east, nobly responds to IOWA, in the far west, with her majority for Freedom. The people seem to be pretty much all of one way of thinking in Vermont. Their majority on the state ticket is 12,000 or so, and not half the towns heard from.

FREMONT CAMP HOUSE.—This afternoon, early, was the time fixed for an informal gathering of the Republicans to put the covering upon their capacious Camp house in the Fourth Ward. If the weather is fair, many hands will make light work of it.

A GERMAN FREMONT CAMPAIGN PAPER.—The Manitowoc *Democrat* can be obtained at the rate of ten copies for two months for three dollars.—It is ably edited, supports FREMONT and DAYTON with enthusiasm, and ought to have good circulation. The Germans only need to understand the real issues of this campaign and they will go en masse for the Republican ticket.

FROM OUR KANSAS CORRESPONDENT.

Late and Important from Kansas.

LAWRENCE, KANSAS, Aug. 28, 1856.

MESSRS. EDITORS.—By a scout on last evening we learn that the enemy are within some six miles of us in strong force, from 1,000 to 1,200. It is unaccountable that since they congregated at Little Santa Fe, eight days since, our military authorities have been able to learn their whereabouts at most but once, and even that was doubted.

Jim Lane is here in chief command

Yesterday a party of about 100 horsemen left our town and crossed the river, north, to drive out a number of marauding gangs of invaders said to number 300 to 500 men They have been committing depredations of various kinds, as is usual with them, and the scattered Free State men have been obliged to leave their homes. They will undoubtedly bring a good account of themselves when they return.

But, oh! I shall not attempt to describe to you the feelings of discouragement, of resentment, of sorrow and mortification which overspread our community on the arrival of the mail last evening, with the intelligence that Congress had refused to protect us from the onslaught of the barbarians from Missouri as civil *posses* for the execution of the bogus laws, and the use of the U. S. forces for the same purpose. Good God! have we not suffered enough already at the hands of our invaders and of the administration, that we should now be abandoned by our friends of the North, whose battles we are fighting, whose institutions we are endeavoring to establish here, and thus to protect them? The miserable, truckling doughfaced North, *always* truckling, always yielding to their natural enemies, the slave drivers, apparently anxious to place themselves under the lash. I will not confine these reflections to the office holders of politicians of the North, for of all men, they are most abject to the power which they suppose will rule within the sphere of their constituency. The people are false to freedom, though subservient to party. There are bright, glorious exceptions, occasionally, in majorities, as recently in Iowa, but it is lamentable that, even there, there are so many yet remaining true to despotism.

But what is to become of Kansas? She must indeed be a Hercules far surpassing him of fabulous history, if she shall be able to bear upon her shoulders the evils she now suffers, with their consequences, since the commencement of her existence; superadded to which is the crushing weight of the Federal Administration proceed upon as now by the treachery of the North.

But the next Presidential election is to set to the matter, and make Kansas a Free State. Thank you; but I want to sound in your ears the fact that the fate of Kansas, for Freedom or Slavery, is to be determined long before that time. The war now waging is to be fought out to the bloody end, with the odds now against us. It may be to the annihilation of Freedom and her votaries here; but if we succeed, it will be by the help of God and her own arms

It is probable that the next conflict of which you hear will be with the U. S. in ces acting in concert with the "Border Ruffians." You may rely upon it, we shall conquer or be overborne. There will be no submission without previous resistance to the fullest extent of the power of our friends here. There will be no following the example of the base treachery of the House of Representatives.

L

The Stampede in New York.

A gentleman of this city has allowed us to copy the following extract from a letter received yesterday from a friend in New York. The *writer* is a strong Fillmore man:

"Fremont is all the go here, Buchanan and Fillmore are nowhere. I shall not be surprised if Fremont carried New York by 50,000 majority, you know I'm not of his camp, and would if I could believe in his defeat. Whigs, Free-Soilers, and K. N's all through the rural districts are going over in legions, and the attempt to stop them won't work. The "shriek for freedom" in New York in November next will be heard, depend upon it, in the savannas and canebreaks in the far, far South. Well! I can live under a Fremont administration; it can't be worse than that of Pierce."

THE NORTHWEST MOVING.—The friends of Fremont and Fremont and Freedom are perfecting their organization in the northwestern counties of our State, and we expect to hear a good report from them in November. In Monroe County they promise at least 200 majority for Fremont. Clark and Buffalo Counties are becoming well organized.

The delegates to the Republican Convention of the Northwestern Assembly District, which met at Hudson on the 21st ult., expressed a preference for Moses S Gibson as candidate for State Senator.

VESSEL BUILDING IN CUYAHOGA DISTRICT.—The Cleveland *Herald* publishes a list of vessels built in the district of Cuyahoga during the year 1856, and measured to August 30th. The list embraces ten propellers, three barques, one brig, twenty-eight schooners, and two scows, making in all forty-four vessels, with a total tonnage of 17,950 51-95ths. The same paper estimates the tonnage of vessels now on the stocks and not yet measured, at 1,650 tons, which will make the tonnage of vessels built in that district for the year, 19,245 51-95ths.

AN INGENIOUS GAME.—The Appleton *Crescent* learns that a game is on foot to take Washington and Ozaukee Counties from the Second Congressional District, and add it to this—the First. The object is, of course, to pile a heavy Democratic majority upon this district, so that Mr. Hadley may have a sure thing of it. We trust that our friends in the Legislature will scotch the thing, without wasting any words about it.

MILWAUKEE AND HORICON RAILROAD.—A. T. Bleecker offered at auction this morning, says the New York *Commercial* of the 1st inst., $420,000 eight per cent first mortgage bonds of the Milwaukee and Horicon Railroad Company. Only ten thousand dollars were disposed of, the remainder being withdrawn:

$5,000 Milwaukee and Horicon R. R. 8's 1
5,000 do do 76

NEWSPAPER CHANGE.—With a desire to consolidate the efforts of the Republicans of Fond du Lac county, Mr. BUCK of the *Herald* has sold out his office to the *Freeman*, and but one paper will henceforth be published. Mr. BUCK has been a zealous worker always on the side of Freedom, but the paper will be the stronger for a concentration of interests and efforts.

THE SAULT CANAL.—The total receipts of the Sault Ste Marie Canal in July were $1,548 96, and the disbursements were $999 18. The receipts are $714 02 over those of July, 1855.—Thirty steamers and thirty-five sail vessels passed through.

ANOTHER LINE BROKEN.—The Onondaga *Standard*, one of the oldest and most influential Democratic papers in New York, has discarded Buchanan and Breckenridge and adopted FREMONT and DAYTON! No more significant fact has transpired during the Campaign.

RELIEF FOR THE CAPE DE VERDE ISLANDS.—At the last dates, one of the relief ships with food for the starving people of the Cape de Verde Islands, had arrived from New York, in time to save the people in their extremity of suffering, and two more ship loads were at hand.

MURDER AT GREEN BAY.—On Monday last the barber of the steamer Cleveland was killed on the pier at Green Bay by one of the deck hands. The barber was a colored man, and was killed with a hand-spike. The murderer fled to the woods.

Madison Correspondence of the Sentinel.

ASSEMBLY CHAMBER, Sept. 4.

MESSRS. EDITORS:—The crowd here is great, the anxiety on railroad matters great, and the uncertainty as to the result still greater. Every portion of the State is fully represented, and there is a fair sprinkling of delegates from abroad.

The members are looking well, and I doubt not have come here, the majority of them at least, determined to protect the interests of the State. What influence may be brought to bear on them, by the desperate and reckless men who have assembled here, it is impossible to tell. Last evening there was a meeting of all the members of the Legislature—no outsiders admitted—to take the subject of the Railroad Grant into consideration. Nothing was really done, except to exchange views, and I very much doubt whether any plan can be agreed on in any caucus of all the members. The presence of certain members must preclude any action.

The bill to accept the Congressional grant, you will observe, was hurried thro' the Assembly.—An effort was made to do the same thing in the Senate. There is perhaps no real reason against the passage of the bill, if the grant is wisely used, but the very fact of the zeal with which it is pressed serves to arouse suspicions.

The Assembly this morning passed a joint resolution for the appointment of 112 from the Assembly and 7 from the Senate, to take into consideration and report on the Railroad grant.

The following bills were introduced into the Assembly, read twice and referred:—To incorporate the Prairie Du Chien and St. Paul Packet Co; to incorporate the Green Bay and Kewaunee Plank Road Co.; to incorporate the Wolf River Boom Co.; amending the Necoose Lumber Co; Chap. 170 Local Laws, 1856, establishing an office in the city of Madison, for the town of Madison, to do business in; to amend Chap. Local Laws of 1850"; to incorporate St. George's Society in Madison; amending the act incorporating the South Pool and Beloit Railroad; with regard to school districts in Albion and Koshkonong.

An Act for the Prevention of Intemperance, Pauperism and Crime was introduced and referred to the following special committee: Messrs. Brown, Knowlton, Mills, Stark and Baker.

Mr. HAWKINS offered a resolution to print 1,000 copies of the Governor's Message—amended by increasing the number to 5,000 in English and 1,000 in German. Passed.

Mr. BUTTERFIELD offered a resolution that no new business of a private or local character be introduced this session. As this would cut off some of the plans of some of the members for strengthening themselves at home for the coming election, an attempt to suspend the rules and pass the resolution now was lost.

The Assembly went into Committee of the whole and after a short session reported sundry bills back and then adjourned.

The following resolutions were adopted in the Senate, Authorizing the Sergent-at-arms to employ assistants,—printing five hundred copies of the Governor's message.

Assembly bill accepting the grant of lands for Railroad purposes was read twice and referred to the following Committee, Messrs. Taylor, Gibson, Harvey, Giles, Cobb, Kelsey and Smith.

On motion of Mr. Taylor, it was resolved that no new business of a private and local character be introduced this session.

The following bills were introduced, and referred with regard to appeals from adjournments of Justices of the peace.

The Senate went into Committee of the whole. Mr. Southerland in the chair and referred various portions of the session to appropriate Committee.

Messrs. Sholes, Gibson and Adams were a special Committee on so much as related to Kansas.

Messrs. Kelsey, Rose and Barber on so much as related to geological survey.

Senate adjourned.

For the Sentinel.

The Election in Maine.

MESSRS. EDITORS:—The election in this State will take place next Monday. At this election a Governor, Legislature, members of Congress and County officers are to be voted for. Great interest is felt in the result, as indicating the position of the State in November. To prepare your readers for this result, permit me to make a few remarks.

I begin by saying that whatever the footing up of the votes next Monday may be, the account will stand much better in November. There are in Maine three candidates for Governor—Hamlin, Republican, Wells, Democrat, Patten, Whig. It requires a majority to elect. Last year the Republicans had a large plurality, but Wells was chosen by the Legislature. Their is danger of the same result this year. The necessity for a majority may defeat Hamlin. There will be no such necessity in November to prevent the choice of Fremont electors. They will need only a plurality. The Republicans will undoubtedly carry Maine in November, but they may fail in September.

I fear, however, the most for the Republican party in the election of Members of Congress.—In the District represented by Washburne, the Whigs and Democrats have united upon Sanborn. In this District, I believe, the united Whig and Democratic vote last year far outnumbered the Republican. Now that they are united I fear very much a defeat for Mr. Washburne.

Mr. KNOWLTON, who represents the Rockland District, was elected between the Democratic and Whig candidates. Their united votes would have defeated him. For the coming election these parties have united on Ingalls. It is undoubtedly the fact, that since the last election many Whigs have joined the Republicans, but not enough, I fear, to give them a majority, which they must have to elect, as now there are but two candidates in the field.

The Cumberland District is also in danger, and Wood may fall of his election there. On the other hand there will probably be a Republican gain in Fuller's District.

If, on the whole, the result of next Monday's vote should be—no choice of Governor—a close run in the Senate and House, and a net loss of two Representatives, our friends here must not be disappointed or alarmed. In a clear field where the plurality elects, Fremont is sure of the State If the result next Monday is better than its fears, the State is only the more sure for Freedom and Fremont.

MAINIENSIS.

Ozaukee County—Crops—Politics—Rail roads.

FREDONIA, OZAUKEE CO., Aug. 30th, 1856.

MESSRS EDITORS:—The late harvest in this section has been an abundant one. The farmer has been well rewarded for his toil. The corn crop is ready for the sickle, and some have already begun to sow and harrow in their crops of winter wheat. A greater number of acres will be "put in" this autumn than any previous year. The threshers with their small machines are busy and make from $60, to $100, per week.

FREMONT, here, is all the go. The people are all united and marching on in solid phalanx to meet the great struggle in November next. The foreigner says "we can't vote for a second PIERCE—we have seen enough of Dukes and Kings—we have seen aristocrats and seen aristocracy power far away over the ocean. We came not to America to find tyrants who buy and sell their fellow men, as they do the cattle that roam the distant fields, part man and wife, sell their children to be whipped away and worked as the ox" Oh Shame! America, thy flag mocketh liberty! Thou wavest not over the "home of the free and land of the brave." The Philadelphia Convention chose a people's Candidate, and the Masses will chose him President. I had supposed that the Germans were all for BUCHANAN, but having taken pains lately to converse with them on politics, I find I am disappointed—they all tell the same story—"BUCHANAN is not Democratic—FREMONT *pro bono publico*.

So say we.

The Milwaukee, Green Bay and Superior Railroad is much talked of here, and it seems to be a general remark that if the road is to be built near the lake shore from Grafton northward, that four-fifths of the voters will not be willing to loan the credit of the county. The plurality promise that if the road is located from Grafton through the center of Saukville, Fredonia, Port Washington and thence on to the city of Sheboygan, they will put shoulder to the wheel—mortgage their farms—no jobs upon the line and take stock in pay. We have a beautiful country up this way—immense quantities of grain, lumber, and wood to send to market. But if the road must be built on the beach of the Lake, the shipping must rob its business.

Yours, &c.,

GEORGE S. BROTT

FREMONT IN WESTERN PENNSYLVANIA.—A reliable correspondent writes from Edinboro, Erie County, Pa., as follows:

"I have been on the look-out for a Buchanan man in this section for some time, and last night I found one; but I soon heard that he was getting ashamed of himself As the Fillmore men, not even one is to be found. In one village there are perhaps a dozen Buchanan men, but no more. One neighborhood, between this place and Waterford, which numbers thirty voters—all Democrats heretofore—is unanimous for Fremont. In Meadville, some two weeks since, the Buchaniers undertook to organize a club. All they could muster, however, from the town and city was 22. The next meeting, which was four days later, they concluded to have them all out. There must have been some mistake, they thought. The untertihed certainly did not understand the object of the meeting. Well, they got together again, and on counting noses, they made out eleven. Last Saturday they gathered again and counted, all told, three. Only three Buchanan men in the city of Meadville where in times past they have had everything their own way. These facts you can rely upon, and also that Fremont will carry this State by an overwhelming majority in November next.

☞ One of the hands at the Springfield Armory who were discharged by the Administration for political effect, to secure the passage of the Army Bill, sends this pithy letter to the editor of the *Republican*:—

SPRINGFIELD, Aug. 28th.

Do you learn that the "War Department" has taken any measures towards dismissing that portion of the U. S. Army that has been used in '*subduing*" Kansas? If the Government can not afford to keep a few men at work in the Springfield Armory, how can it afford to keep hundreds of dragoons on the pay list, to subdue the *people* of Kansas? Our upon such hypocrisy!—We would all be quite willing to be *discharged*, if the Government would discharge at the same time the STANDING Army in Kansas.

Yours respectfully,

A DISCHARGED ARMORY HAND.

CAUGHT A BOBBLE-BEE.—Fremont, in his official reports of his travels across the Rocky Mountains, gravely informs the government that when on one of the highest peaks he caught a bumble-bee!—*Exchange*.

On the 4th of November he will catch two other B's.—*Chicago Journal*.

A Reliable paper.

The *News* puts out a long column, of which the following is the beginning and last in sample:

Among those who compose the black republican K. N. party, there are a great many who believe that the Kansas outrages as published in their own papers are true, but there are more who did believe that than who do now. The attempt to invade Kansas with Lane's men, under the pretext *that the Missourians had formed a raid* to destroy the free state men—a pretext only, for *Gen. Smith pronounces the statement to be a falsehood*—has proved very plainly to those who choose to see, that the object of the black republicans, the tools of Beecher, Greely, etc., is to keep up the excitement here, by any means whatever, by falsehood, by violence, by anything that will answer, that they may make political capital out of it

Here is Gen. SMITH'S letter, by which it appears that the "camps" said to have been found were of *free state* men—that Gov. SHANNON had asked for troops to break them up, and that it is *his* statement, and not that of any free state men, which Gen. SMITH "pronounces a falsehood"

LEAVENWORTH, Aug. 15th.

I have received a letter from Gov. Shannon asking me to take the field with the whole disposable force in the Territory, to prevent the egress of Lane's party by the northern boundary of the territory. The information given to the government has been so exaggerated, and to my knowledge is so incorrect, that I decline making interference in the matter. Capt. P. J. Good, with its company of cavalry, is upon the northern frontier, and I shall depend upon his reports to govern my action. Two companies along the Kansas border were sent by the commanding officer, by the Governor's request, to break up the camps of armed men at several places he designated. On the arrival of the troops at the points designated, not only no camps were found, but none had ever existed there or anywhere else in the neighborhood. I know each party is trying to engage the action of the troops in expelling their adversaries, and I place no dependence on the reports that do not come from what I consider good authority.

Your humble servant,

PERSIFER F. SMITH.

A Contrast—Fremont and Buchanan.

If any one desires to see a perfect illustration of the character and position of the characters of the two men, let him scan carefully the following, the one being Col. FREMONT'S reply to the Massachusetts delegation, the other Mr. Buchanan's address to the Keystone Club

Col. Fremont.

GENTLEMEN.—I thank you cordially for this kind and unqualified expression of confidence in me I shall endeavor to deserve it. You have been engaged, gentlemen, in a cause that should dear to its support all the friends of constitutional freedom. I have read the platform which you have adopted, and have examined with care the principles it embodies. *It is at this time like the second declaration of Independence. I believe it as naturally, and can adopt it as all the parts.* And it will be my purpose if the voice of the people shall ratify the nominations which you have made, so to conduct the government that these principles, thus avowed, shall be come effective

Mr. Buchanan.

GENTLEMEN.—*Two weeks since I should have made you a longer speech, but now* I HAVE BEEN PLACED UPON A PLATFORM OF WHICH MOST HEARTILY APPROVE, AND WHAT CAN SPEAK FOR ME. Being the representative of the great Democratic PARTY, and not simply Jas. Buchanan, I must square my conduct according to the platform of that PARTY, and insert no new plank nor take one from it. That platform is sufficiently broad and national for the whole Democratic PARTY This glorious PARTY, now, more than ever, has demonstrated that it is the true conservative PARTY of the Constitution and of the Union.

What they Mean to Do.

The following letter, which the Richmond (Va.) *Whig* publishes a from a Virginian in Missouri, although it contains untruths as to the taking of Lecompton, and other things falsely attributed to the Free State men, shows clearly enough the spirit and plans of the Border Ruffians. The news from Kansas about these days is looked for with intense interest:

KANSAS CITY, Aug. 19, 1856.

DEAR ——: I am grieved to inform you that I have just heard of the death of Woodson and of Charley Harris, and that T. S. McKinney, Charley McKinney, Charley Otoy and all the Virginia boys are prisoners. I have no doubt they will meet the fate of Woodson and Harris. They defended Lecompton all day last Sunday, but owing to superiority of numbers, had to surrender. Woodson's and Col. Titus's houses were blown to pieces. We hear of nothing but distress now from Kansas, and while I write companies are being formed to go to their relief. Col. McCarty and all our folks will have to night. *We will go in this time with a force sufficient to clean out Kansas, you may rely on that, and this attack will make Kansas a State Slab, beyond all doubt.* Let me assure you that Missourians will never go into Kansas again without driving out the last scoundrel. Before eight days have elapsed, *Missouri will send in five thousand "Border Ruffians," and they will never leave as long as there is an Abolitionist in that beautiful Territory.* They have been there twice, and the third time will tell the tale. *Nothing is surer now than that Kansas will be a Slave State.* While I am writing this, Clay County is sending over 500 men, who are now crossing at this place, headed by Col. Doniphan. Platte County will send 500 men, and Jackson County 1,000.

Plain Language in a Judge's Charge.

On Monday morning, the Recorder's Court of the city of Chicago commenced its session. We copy below his charge to the Grand Jury, deeming its spirit and language applicable elsewhere than in Chicago. It is only by the strict and impartial administration of justice that the progress of crime in our cities is ever to be stayed,

GENTLEMEN OF THE GRAND JURY: All of our own citizens at least, will admit and insist that Chicago, so far as relates to increase of population for the past few years, has no rival—and from our own position there can be no doubt that among the number who seek shelter here, there is a reasonable share of those who are a curse to any community. From the professional gambler and burglar, down to the petty and unfortunate, they who steal a loaf of bread to keep their children from starvation, we can furnish full delegations. All good men, no doubt, when they take time to reflect—have a due regard for the safety and prosperity of our people, and no intelligent man can for a moment doubt as to which class of these offenders we ought most vigilently to turn our attention; but I fear if we look over the indictments presented at this Court, with a few exceptions, they will reveal the fact that the vigilance of some of our officers has, in many cases, been expended upon poor and petty offenders, who are hardly worth sending to the penitentiary, and in many cases who have scarcely intelligence enough to be responsible for what they do, and are of no use to the State when there. I have no doubt that among those who will be present for your consideration, the class will be fully represented. I have only a short time since called the attention of a former Grand Jury to many of the causes which produce these results, and will now only refer to a few of them. In some cases since the last term of this Court fancy men and women of the basest kind have been arrested under the direction of our vigilant Chief of Police, examined and held to bail. They were no sooner released than by means of some corrupt or imbecile officer they were set at liberty by procuring and giving "straw bail." Many of our professional gamblers, to avoid our city police, have gone over the line of our city boundary, and there opened publicly their banks of robbery and gambling apparatus, and commenced and continued business as though there were no officers whose jurisdiction extending beyond the city limits to molest or make afraid.

There is but one legitimate remedy for these evils, and that is for all good men to determine that in all cases where officers fail to perform their several duties faithfully and intelligently they will fill their places with better men. There is, it is true, an illegitimate remedy, and let our best citizens sleep on in the belief that they cannot even give time to serve upon a jury to bring to justice the men who rob their neighbors, and until the professional gamblers and thieves have full control of our officers and courts, and in many instances assuming the reins of government themselves, and then they will awake, and come to the lamentable conclusion, that they must resume the powers they have allowed unworthy men to assume, and by means of a vigilance committee drive from our midst a band of gamblers and thieves that are now daily arriving in our city, who have been obliged to "leave their country (San Francisco) for their country's good." May we all take warning from the unfortunate state of things that exist in our sister city of San Francisco and in due time avert so great a calamity as has fallen upon them. I hope you will spend no time with petty offenders when it can be more profitably devoted to those who, if brought to justice, would be of some service to the State, and whose removal from our midst would greatly benefit our city.

DIED.

STEALING A LAMP.—James Hawkins was arrested and brought up on a charge of stealing a lamp, of the value of $4, and discharged for want of evidence

SPREADING EAGLE.—WM. KING APPAREL.—A servant girl named Augusta Swinton was brought up by Policeman Parker charged with stealing some small articles of ladies' wearing apparel of the value of 94 cents, the property of D Arnold. The money, who was crying bitterly, I cad guilty to the charg and was sentenced to the County jail for 10 days

In this case we could not help remarking, and we record it, the levity of the complainant when swearing out the complaint—the pet one crying and the complainant laughing (both females) the latter exhibited a want of proper feeling in a poor servant girl, implanted in the principles of duty, which generally in innocent minds stands subject for the levity of a older and more sensitive sex

THE ATTACHMENT.—The case of the State vs William Wilson, charged with a nuisance on application of the defendant, was continued until 11, at 10 A M, for examination

Complaint was made in the Police Court, by a woman, of the name of Ligh ty, a man named Gallagher, living in the Third Ward. She was alleged that the day was pretty much upon the same feet, and had beaten her very badly. Gallagher was referred to the District Attorney, who will probably have the dog destroyed

STEAM FOUNDRY!

—OF—

TURTON & SERCOMBE,

296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States

In order to better to do this, the proprietors have erected a three brick Foundry in addition to their former premises, which have added to their stock of Tools a large Planing & Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Locomotive and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this The Oldest Establishment in the State

the Proprietors refer to that in success ful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both Practical Machinists, and know how work should be done as well as the best man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORK for such as LOCOMOTIVE Cocks, Oil Cups and Gages, and Steam Whistles. Also PISTON RODS, which they will sell at the lowest cash price

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which we would call the attention of all those who use Steam Engines

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render it a Old Eagle worthy of the reputation it has already gained

Their motto is, "*Excelsior*"

Milwaukee Commercial College

212 and 214 East Water St.,

MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprise has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial Calculations, Exchange, Mint and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c, according to the most approved methods Commercial Correspondence, including account sales, account current, drafts, bills of exchange, &c, &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Season, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use
